Directors Report:

- New Brochure came out extremely late causing a major loss financially to the Parks and Rec Programs as well as many upset residents and the coaches of the programs. A total of 36 programs were cancelled!
- Flag football this year was down in numbers due to the brochure.
- The cost of the new brochure was \$18,000, 5 times the cost of the past Parks and Rec Program brochure.
- Front of the cover had no real information of the programs that are offered. Also the Parks and Rec commission was not even included on the page with all the other groups!
- BOO Bash is full 500 Children plus will be in attendance on October 13th. Time 5:15-7:30 and volunteers are needed.
- Tree Lighting is set for December 1st at 6:30 pm
- Staffing: Amanda will be back on October 2nd, yeah! Director position search continues. Prime candidate was offered the job but backed out and decided to stay at her current employment.

Old Business:

- A copy of the Arts and Music Festival Budget was brought to the table by Trustee DeMuynck. Needless to say he was not happy with the budget as it was way over what we all expected. Eric stated that we should wait for the total completed report to come out.
- Commission appointments: We are looking for member of our community to join us. Interested parties, please contact the Parks and Rec Dept for more information.

New Business:

- Meeting time: It seems that it is very hard for some commission members to make the 6:00 pm start time. We discussed changing the time to 6:30 pm. The commission president will contact all members about the next meetings start time.
