

Sidewalk Repair Notice

Dear Township Resident,

The Charter Township of Chesterfield, as part of its responsibility to ensure the public health and safety of its residents, and to reduce the number of liability suits against the Township and property owners, instituted a sidewalk repair program in 2020.

If you are receiving this card, your address is in district 3 of the Chesterfield Township Sidewalk Replacement Program. This means your sidewalk has been evaluated in 2022 and will be included in the spring 2023 repair cycle for which a Public Hearing will take place in early 2023. Pictures and information on the specific slabs requiring replacement on your property can be provided, if requested, via email (**sidewalks@chesterfieldtwp.org**). Replacement of the slabs identified are required at your expense for which a cost estimate will follow in early 2023 after the project is bid, a Contractor is procured for the project, and costs are finalized.

For detailed information on the program and on repairing your sidewalks using a private contractor, visit: <https://www.chesterfieldtwp.org/501/Sidewalk-Replacement-Program>. You may notify the Township’s Engineering Consultant of your intent to replace the sidewalk on your own at any time up to thirty (30) days after the public hearing (winter 2023) or wait and participate in the Township’s public replacement program in summer 2023.

For any questions, contact the Township’s Engineering Consultant – Spalding DeDecker via **sidewalks@chesterfieldtwp.org** or leave a voicemail on our sidewalk hot-line number at **248-844-6262**.
